All standard Font'n-Aire Platinum fountains are shipped with one nozzle of your choice (additional nozzles available as listed above), a timer, a ground fault circuit interruptor (single phase only), and controls for the fountain in a NEMA 4X enclosure. Control panels are ETL tested to comply with the standard for industrial control equipment ANSI/UL 508, 15th edition. The fountain also includes 100 feet of #12/4 underwater power cable. The light kit includes a power pack with a transformer and a photo cell.

(See reverse side for additional power cable pricing)
